

REQUEST FOR PROPOSAL: 2022 NFMC WHITE RIVER FOIP INSPECTION PROJECT

DATE OF ISSUE: March 14, 2022

TO: INTERESTED CONTRACTORS

The Nawiinginokiima Forest Management Corporation (NFMC) is accepting proposals for the completion of a project for Forest Operations Information Program (FOIP) inspections on the White River Forest.

See **Schedule 1** for block and water crossing locations.

Please note that:

1. The project will occur during the summer of 2022; the project must be completed no later than **Wednesday, November 30, 2022**.
2. The Contractor may bid on parts of the project, or, the project in its entirety.
3. The NFMC will provide technical and administrative support and supervision to ensure compliance with applicable legislation.
4. The Contractor will provide all equipment, tools, and labour to complete the project.
5. The Contractor will provide the NFMC with proof of valid FOIP certification.
6. The Contractor will carry out all work in accordance with the requirements of the Occupational Health and Safety Act (OH&S Act), the Regulations for Industrial Establishments (RIE), and any other applicable health and safety Regulations or Acts.
7. The Contractor will ensure all workers are fully trained under the OH&S Act for work tasks they may perform. Training required may include Forestry Common Core, First-Aid, WHIMS, and Working at Heights. The Contractor will provide the NFMC with copies of valid training certificates before the project can begin.

PROJECT DELIVERABLES

A) FOIP INSPECTION AND FOIP REPORTS FOR HARVEST BLOCKS

- i. Complete block inspections and FOIP reports for harvest blocks. See **Schedule 1** for map of location of harvest blocks. Maps of individual blocks will be provided by the NFMC.

B) FOIP INSPECTION AND FOIP REPORT FOR WATER CROSSINGS

- i. Complete water crossing inspections and FOIP reports for water crossings. See **Schedule 1** for map of locations of water crossings. Maps of individual water crossings will be provided by the NFMC.

PROJECT PROPOSAL REQUIREMENTS

The NFMC will require the following details to be included in proposals submitted:

1. A description of the project work plan with a breakdown of workflow and timelines for completion.
2. Information on start and end dates and the number of workers required to complete the project.
3. A summary of the tools/equipment that will be used to complete the project.
4. A description of how health and safety requirements will be met.
5. All costs associated with this project must be included in your bid price. Harmonized Sales Tax (HST), if applicable, should be included as a separate line item.
6. The below pricing form must be included as part of the proposal.

Please note that the bid price submitted will be considered final. Please ensure your proposal explicitly details the project deliverables quoted. NFMC retains the right to split any of the work between multiple contractors.

Proposals will be evaluated and scored based on the inclusion of the requirements listed above, general clarity, organization, history of work with NFMC, business location, and First Nations ownership, partnership, or benefit. However, overall cost remains the largest factor in scoring proposals.
